

DEBT REPAYMENT PLAN TEMPLATE

As alchemists, our debt repayment strategy is not just about numbers. Our template is centered around understanding the "why"—it's our compass and the secret sauce of financial alchemy! Yes, we are where we are, but how did we get here—to this present moment and current circumstance? Understanding the "why" fuels your drive, keeps you on track, and guides you to the next step in reaching your goals (or helps determine which path to take to climb out of the hole).
